**The above are the new qualifying standards for competing in this year's All England Powerlifting Championships (15/16 August). They have been set at around 10% less than the current British standard and are likely to increase again next year in line with proposed changes to British National qualification.**

**Lifters wishing to enter the competition must have recorded the qualifying standard in the weight/age category they wish to compete in within the previous 12 months i.e. after the 19<sup>th</sup> August 2014. The qualifying total must have been set in a GBPF competition and details of the event must be included on your entry form.**
